The Honorable
Nancy Pelosi
Minority Leader
United States House of Representatives

Dear Mr. Speaker and Minority Leader Pelosi:

I'm very pleased that the United States has concluded an Agreement in Principle for Vietnam's accession to the World Trade Organization and encourage the Administration and Congress to grant Permanent Normal Trade Relations (PNTR) status to Vietnam to ensure this Agreement is fully implemented.

Since commercial relations were re-established in 1994, Motorola has been serving the Vietnam market with consumer mobile devices, cellular infrastructure and 2-way radio systems. Our business continues to expand as Vietnam has grown and become more prosperous.

Later this week I will make my first trip to Hanoi where I meet with senior government officials and our customers. This visit is precipitated by the growth of our business and the prospects for future growth. Vietnam's leadership appear to be firmly committed to reform on many fronts including trade law, intellectual property rights, and providing a sound framework for foreign direct investment to name but a few of the areas that we're witnessing dramatic changes. I look forward to deepening Motorola's commitment to Vietnam and contributing to the country's development goals by providing world class telecommunications solutions to its enterprises and citizens. I believe that accession to WTO will accelerate this progress.

While not mandatory for accession to WTO, granting PNTR status is an important step for America - and indeed the rest of the world - in recognizing Vietnam as a trusted trading partner. Motorola wholeheartedly supports Vietnam's accession to WTO and we seek your support in granting Vietnam PNTR status at the earliest opportunity.

Sincerely,
